

*Introducing our Newest Special
...Exclusively at*

MARLOW
MED AESTHETICS

We at MMA are thrilled to invite you to a Facial Experience like no other.

Introducing our very own Sculpt & Lift Fusion with Molecular Cosmetics by STURM.

This intensely sculpting treatment of the face neck and décolleté relaxes and releases the intricate web of our fascia - the connective tissue lying below our skin that plays a crucial role in maintaining the structural health that effects how our skin ages on the surface.

When we release fascia through this divine and detailed method we open the flow of lymph, allowing trapped toxins, fluid and inflammation to drain from our tissue.

Resulting in an immediate and beautiful glow to your skins surface.

Our luxuriously lifting Sculpt & Lift Fusion combines our proprietary method with the Anti-Inflammatory and Super Anti-Aging skincare by world renowned DR. BARBARA STURM.

60 minutes \$250

75 minutes \$300

Experience "Sculpt and Lift" and embrace the future of facial rejuvenation.
